\$825 for Outdoors WA members
Further Details: wmi@wmi.net.au

5th to 8th October (4 day Courses)

Restricted Abseiling & Climbing Guide Course (Artificial Surfaces)

Prospective candidates need to know that this course is designed for people who have a good, basic understanding of Single Rope Technique (SRT) who wish to become registered with NOLRS. This course is not designed for those with little or no roping experience, as these candidates are likely to fail this course. A CD with a pre course assignment and background information will be forwarded to all candidates who enrol.

Location: Perth and surrounds
Training Provider: Outdoor Discoveries
Cost: \$795 per person GST inclusive
Final Enrolment: Monday 21st September 2009
Further details: info@outdoordiscoveries.com.au
Enrolments to: Office Administrator
South West Regional College Of TAFE
Ph: (08) 9780 7319 Fax: (08) 9780 7326
Email: ELS@swrc.wa.edu.au

Wednesday 7th to Friday 9th October 2009

Rescue Training Group SwiftWater Rescue Technician Level 1

The 3 day courses feature 1 day of classroom based theory plus 2 days of river site practical participation in both individual and team environments. The practical days are very hands on with a major focus being the ability to move effectively and safely in a dynamic swift water environment. A certification issued by Rescue 3

International is awarded. **Places still Available.**

SwiftWater Rescue Technician Level 1 is recognised by the Department of Education as a suitable qualification to comply with the outdoor Education and Recreation Activities Procedures and Guidelines.

•
Location: Dwellingup area
Training Provider: Dwellingup Adventures
Cost: \$450.00 per person
\$405.00 for members of Outdoors WA

COMING COURSES

DETAILS NOT YET AVAILABLE

REGISTER YOUR INTEREST NOW to nolrs@outdoorswa.org

ABSEILING

This course will provide training and assessment in the units of competency required to become a Single Pitch Abseiling Guide. Areas of training include Group Leadership, Plan & Run Outdoor Activities, Risk Analysis and Emergency Response, Vertical Rescue, Establishing Ropes for Abseiling and Belaying and Guiding Abseiling. Courses are run at a number of abseiling sites throughout the Perth Metro area. Further details contact nolrs@outdoorswa.org

BUSHWALKING

This course will provide training and assessment in the units of competency required to become a Bushwalking Guide in tracked & easy untracked, difficult & trackless and unmodified surfaces. Training in the following areas is included in these courses- group management, risk management and emergency response, trip/route planning, navigation and minimal impact planning. Courses are held at bushwalking venues throughout WA. Further details contact nolrs@outdoorswa.org

CANYONING

One of the new registration areas in the NOLRS registration scheme - canyoning involves abseiling, water jumps, bushwalking, short swims, climbing and rock hopping. The direction of travel is one way....down, often using abseiling techniques. Training includes canyon instruction and guiding, emergency response, navigation, roping and rescue techniques. Courses are run in the Pilbara region of WA, subject to sufficient demand. Further details contact nolrs@outdoorswa.org

CHALLENGE ROPES COURSES

Using harnesses, helmets, cables and ropes up to 15m among trees and poles, participants explore risk taking and trust in a team setting. Courses provide hands on training and assessment in managing and conducting High Ropes courses. Topics covered include course and participant management, belaying

techniques, group facilitation, risk management and emergency response. Further details contact nolrs@outdoorswa.org

ROCK CLIMBING

New NOLRS registration categories in climbing have opened up opportunities for leaders to receive training and assessment in the following areas of climbing – facilitating and guiding groups, establishing belays, emergency response, risk management. Further details contact nolrs@outdoorswa.org
